

POA*PRO

POA PRO is a proprietary formulation of essential nutrients sequestered in a base of natural sugars, & fortified with natural plant extracts, natural fermentation enzymes, and plant derived biostimulants. It is specifically designed for intensively managed Poa Annua, but can be used on all turf types. Poa Pro is an excellent choice as a programmed season long management tool, and can be most effective when unusual environmental stress issues are encountered.

CONTAINS:

- Natural sugars
- Natural plant extracts
- Natural fermentation enzymes
- Plant derived biostimulants

- GIBBERELLINS
- AUXIUS
- CYTOKINES
